RE: Certificate of ROHS Compliance

This is to certify that the Perdix AI is compliant to ROHS Directive....?

The Perdix AI components and raw materials are ROHS-compliant based on the information provided by our suppliers as of the date of this certificate.

For added reliability, SRI installs select ROHS-compliant electronic components with lead-based solder. The level of lead in the Perdix unit has been calculated to be 0.03%. ...? This is below the maximum allowable level for Lead of 0.1%.

SRI does not employ any of the following Restricted Substances in the assembly of the Perdix AI.

Mercury
Cadmium
Hexavalent Chromium Polybrominated
Biphenyls (PBB's) Polybrominated Diphenyl Ethers (PBDE's)
2-ethylhexyl phthalate (DEHP)
Butyl benzyl phthalate (BBP)
Dibutyl phthalate (DBP)
Diisobutyl phthalate (DIBP)

If you need additional information, please contact SRI. Our contact information can be found in our website: <https://www.shearwater.com/>
