FEATURES

Decompression computer	✓
Open Circuit	✓
Trimix / Nitrox / Air compatible	✓
Bühlmann GF	✓
Rebreather	✓
Closed circuit fixed PPO2	✓
Closed circuit external PPO2	✓
Semi-closed circuit external PPO2	✓
Gauge mode	✓
Bluetooth® Wireless Technology	✓
3 axis, tilt compensated, digital compass	✓
Upgradeable firmware	✓
Integrated bungee mount	✓
Air integrated	✓
Number of transmitters (optional)	Up to 4
Vibration motor alerts	✓

PERDIX 2 SPECIFICATIONS

Screen resolution	320 x 240
Display type	LCD with LED backlight
Display size	5.59cm / 2.2"
Lenze material	Aluminosilicate toughened glass
Dive computer weight	190g / 4.32oz
Battery type	Single AA (Any Type)
Battery life (AI enabled)	up to 60 hours (1.5V Lithium)
*Only 1.5V lithium non-rechargeable and 3.7V lithium rechargeable batteries support vibration functions	up to 40 hours (AA alkaline)
	up to 100 hours (Saft LS14500)
Number of gases	5 OC/ 5 CC
Depth rating	260m / 850ft
Dive log capacity	up to 1,000 Hours

SWIFT TRANSMITTER SPECIFICATIONS

Battery type (user replaceable)	CR2 3V
Battery life (HP pressure present)	up to 300 dive hours
Depth limit	200msw
Rated air pressure	300bar / 4350psi

OPTIONAL ADD-ONS

VPM unlock code / DCIEM	✓
SWIFT smart AI transmitter	✓

PERDIX·2

PERDIX 2 is our toughest and most reliable full-size computer yet. The armored casing with precision titanium surround bezel and dependable titanium piezo touch buttons protect performance-enhanced electronics.

An aluminosilicate glass lens guards a fantastic 2.2" bright screen and offers improved clarity, impact, and damage resistance. A strong vibration customizable alert system draws attention at critical moments of the dive.

Air integration with up to four Shearwater transmitters allows room to grow from a first computer to a powerful, proven advanced technical diving solution. This is delivered using the trusted and easy to find user-changeable single AA battery and familiar ergonomic compact form factor.

PERDIX 2 is available in Ti and Ti Black colour finishes.
